SUMMARY

I'm Maryam, but everyone calls me Sama. I'm a junior frontend developer living in Amsterdam/Amstelveen , building a new life in the Netherlands. I love programming, enjoy solving problems, and feel energized by being creative and tackling challenges. I love creating new ideas and turning them into reality. I spend my free time working on inventions and find solution for the problems

I have a valid work permit and i dont require visa sponsorship

WORK EXPERIENCE

Intern / Junior Frontend Developer

NEOM & Partners Group

Nov 2024 -Present

- Developed B2B solutions for gift card and eSIM platforms used by partners in a professional product environment.
- Built and maintained frontend features using React, Next.js, Tailwind CSS, JavaScript, and TypeScript.
- Supported product quality through testing workflows with Playwright and by improving reliability of user-facing features.
- Worked as part of a team environment on practical business solutions, contributing both as an intern and junior developer.
